*Your Microsoft ERP
Vision Delivered*

**FINANCIAL MANAGEMENT
SOLUTIONS & consulting**

We are an award-winning Microsoft solution provider helping organizations throughout the Midwest. Boyer & Associates implements and supports cost-effective Microsoft Dynamics ERP financial management solutions. We have been in business since 1994. With this Microsoft ERP experience, you can count on our team of seasoned professionals to help define your requirements and meet your objectives. Your Boyer consultants specialize in industry leading Microsoft Dynamics ERP solutions including Microsoft Dynamics AX, Microsoft Dynamics GP, and Microsoft Dynamics SL.

"Working with the Boyer team has been a great experience. With their ERP knowledge and capabilities, the new solution has definitely met our expectations and has given us the efficiency that we needed. We are very excited by functionality that Microsoft Dynamics brings to our organization now and as our company continues to grow in the future."

SERVICES

Your Boyer consultant will work closely with you during every step of the project process—from the initial requirements analysis and software selection through post-implementation follow-up and support.

SOFTWARE EVALUATION

As a full-service provider, we take the time to conduct detailed discovery sessions that pinpoint your organization's specific needs. Then we make solid, fact-based recommendations on the right Microsoft software for your business. If a Microsoft option exists that we do not sell, but is a better fit, we will recommend that to you.

SOFTWARE IMPLEMENTATION

You can be assured of working with seasoned implementation professionals who fully understand your business, your needs and your competitive environment.

CUSTOM DEVELOPMENT AND INTEGRATION

No two businesses are alike—and their business software shouldn't be either. We specialize in developing customer-specific applications and integrations.

COMPREHENSIVE TRAINING AND SUPPORT

We provide every client with an exceptional level of individual attention and recognize that system downtime costs you money. Whether it's training or support either onsite or remotely, you can count on us for fast answers to your questions and quick resolution to issues you may encounter.

A team of employees

DEDICATED TO YOUR SUCCESS

We believe that superior employees produce outstanding results for our clients. Our professionals hold the latest Microsoft and industry certifications and are thoroughly trained in today's newest technologies and best practices.

In addition, many of our staff are former controllers, accountants and IT managers with CPA, and multiple Microsoft Certified Professional (MCP) designations.

"We are very pleased with the solution and Boyer's ability to meet our aggressive timelines. Boyer and Microsoft Dynamics have delivered exceptional value to our organization and we are on track to see even greater possibilities with the solution in the future."
