Dynamics SL Client Event- May 15

Boyer's Microsoft Dynamics SL Client Event provides a unique opportunity to bring together clients, team members, and partners to educate you on best practices with Microsoft Dynamics SL. This year we will be changing things up a bit! In addition to discussing new SL features and sharing best practices, there will also be some exciting ISV add-on vendor presentations and hands-on demos of some great tools that directly integrate with Dynamics SL that you might want to consider for your organization. Of course there will also be lots of opportunity for you to network and meet other Microsoft Dynamics SL users.

The event is free so be sure to join us on **May 15, 2013** from **8:30 a.m. - 2:00 p.m.** at the Microsoft Technology Center office in Edina. Lunch will be provided.

SPECIAL OFFER! Attendees of the SL Client Event will receive a 25% discount on the Management Reporter training class on June 19 and 20.

Getting Dynamics SL 2011 Working with Windows 8

Let's face it, most of us hate change (especially accountants!) and Windows 8 brings us a lot of immediate change. If you're thinking about making the change to Windows 8 but have questions or are unsure of how it will impact Dynamics SL, then be sure to read on.

Jeff Larson, our Dynamics SL Environment Specialist, compiled some easy to follow steps to get Dynamics SL working on a new PC, Surface Pro or laptop. [Click here](#) to get the details.

Convergence Highlights

The Boyer team attended Convergence last month in New Orleans. With more than 11,000 attendees, the event brought together both Microsoft Dynamics customers and partners for week of collaboration, learning, and networking. If you missed it this year, we wanted to share some of the highlights with you:

- We hosted a great customer event at Emeril's restaurant in the warehouse district in New Orleans. The meal and company seemed to be enjoyed by all. Thanks to everyone who attended!
- The Expo hall was packed this year featuring exciting third party add on tools for both Dynamics ERP and CRM. We had the opportunity to learn about some new tools and meet the people behind the products which was time well spent.

You can also [attend virtual Convergence](#) and watch the event keynote, general, concurrent and deep dive sessions on-demand. Or, [attend Convergence Recap & Roadmap for Microsoft Dynamics SL](#) on April 17 at 12:00 p.m. CT.

Earn 16 CPE Credits by Attending Management Reporter Training

Join us for **Management Reporter Training** on **April 17 and 18** or **June 19 and 20, 2013** and earn CPE credit! This two-day class is ideal for the accountant who has had little formal training in Management Reporter, the new real-time financial reporting application from Microsoft. This class has sold out each of the past 6 months and will only be offered while there is enough interest to fill the classrooms. We limit the classroom to 6 students to guarantee a high quality hands-on class environment.

This tool replaces FRx and has undo capabilities, a nicer user interface and the ability to group or organize reports in a more useful way. Discover the power and flexibility of new reporting trees to present financial results at the responsibility level (i.e. by accounting segment or dimension and combinations thereof). Use report output and distribution options including Report Viewer. Topics to be covered include:

- Designing basic report building blocks in Report Designer with row definitions, column definitions, and reporting tree definitions.
- Associating the building blocks in a variety of report definitions including trial balance reports, income statements, variance reports, balance sheets and consolidation reports.

When:

April 17 and 18, 2013

[Register Now!](#)

June 19 or 20, 2013

[Register Now!](#)

Location:

Boyer & Associates office

3525 Plymouth Blvd. Suite 207 (Parking is in back of building as is lobby)
Plymouth, MN, 55447

Cost:

\$800 per individual - (laptop, seasoned instructor, lunch and manual will be provided)

Save Time & Money with eProcurement from Paramount Technologies

With organizations keeping tighter budgets and greater control overall spending habits, Paramount Technologies steps in with WorkPlace eProcurement, a robust web-based Procurement solution that allows organizations to automate the complete procure-to-pay cycle - from product selection, requisitioning, approval and ordering to delivery, receipt and financial settlement. The suite includes applications for requisitioning including PunchOut via cXML, check request, budget compliance, RFQ, purchase order generation, receiving, invoice matching and vendor contract enforcement with approval workflow throughout the entire process. With an eProcurement solution in place, organizations empower their users throughout the enterprise:

- **Requesters** get the convenience and efficiency of easy self-service for requisitions and check requests
- **Managers** are able to manage by exception and accelerate approvals with automated workflow
- **Buyers** can focus on building strategic supplier relationships to reduce costs
- **Payables** maintains control over expenditures

With integration to Dynamics SL, companies can expect big savings by investing in eProcurement including saving between 5% and 15% of their total procurement spend within six to nine months. For more information on this great tool, [click here](#) or [contact us](#).

New Staff Join Boyer Team

Paul James joined Boyer & Associates as a Dynamics SL Consultant and has more than 20 years of accounting, systems, and business experience. With his well-rounded knowledge in accounting, staff development and training, Paul has excelled at teaching the inner workings of the Microsoft Dynamics SL and GP solutions along with Microsoft Management Reporter software at Boyer & Associates.

Stu Clark recently joined the firm as a project manager and is responsible for managing and overseeing ERP implementation projects and services for Boyer. Clark has strong background in project management practices, having most recently worked at a marketing agency as project manager supporting multiple client engagements and new business efforts.

Microsoft Dynamics SL Webcast

Please join us for a Microsoft-hosted webcast exclusively for Microsoft Dynamics SL customers. These one hour pre-recorded webcasts include content designed to ensure you have full exposure into how you can maximize and extend your current Microsoft ERP investment.
