BOYER & Associates

Your Vision Delivered.

Existing Customer Promos

Boyer & Associates would like to help you get the most out of your **Microsoft Dynamics SL** accounting software investment whenever possible. Click here to check out the current promotions available from Microsoft for existing customers. For complete details and eligibility, contact us.

Save the Date - Convergence 2012

Join us for the premier Microsoft Dynamics event of the year! Convergence 2012 is being held March 18-21 in Houston and will bring together customers and partners from around the globe, offering you the opportunity to be part of the international Microsoft Dynamics community. We at Boyer & Associates are excited to be your host and to show you innovative ways to make the most of your Microsoft Dynamics SL investment.

Register early to take advantage of great conference discounts and hotel accommodations with special negotiated Convergence rates. Contact us if you need help or have questions regarding Convergence.

Last Chance to Register! Year-end Closing Event

Prepare now to end the calendar year smoothly in Microsoft Dynamics SL!

You and your staff are invited to join Boyer & Associates at the Microsoft Dynamics SL Year-End Closing Process event on **Friday, December 16, 2011** at the new Microsoft office in Edina from 8:30 a.m. - noon. The office is located at 3601 West 76th Street, Suite 600, Edina, MN. Click here for directions.

We will discuss what steps should be completed and when and other items related to the closing of GL, AP, AR, Inventory, Cash Manager and Payroll for both Year End and Month End.

We will also discuss any changes to tax forms such as 1099's and W-2's.

A continental breakfast will be served.

Be sure to register now as spots are filling up quickly! We currently have 75 people signed up for this free event. Many of our clients attended last year and got great tips.

Questions? Feel free to call contact us at (763) 412- 4315 or email Carol Simonson.

We look forward to seeing you there!

Spotlight on Gulfstream Barcode Gateway

Gulfstream's Barcode Gateway seamlessly interfaces with Microsoft Dynamics SL and is a leading-edge RF solution. The Gulfstream Barcode Gateway provides the link between the warehouse/shop floor and Microsoft Dynamics SL modules - Inventory, Purchasing, Order Management, Work Order, Bill of Materials and Service Series. You can gather information and update Microsoft Dynamics SL tables 'real time' using RF data terminals and the Auto Release Option. Companies using the Barcode Gateway see many increases in efficiency and productivity.

SL Tips and Tricks

December Tip:

When closing the period, you can run the GL Batch Register report (01.800S) in Summary to filter our batches that have not been posted yet. Setting the filter on the ROI screen (screen that appears when you select the report), on the "Select" tab, to Batch 'not equal' to P, will show you batches that are U Unposted, H-On hold, B-Balanced, S-Suspended, or K-Keep (stuck ap check batch).
